PERBOOKS

Not just textbooks but PERFECTION BOOKS

Perbooks are a perfect way to address the remedial and enrichment needs of all children whether at the top or bottom of a class in a subject. Given as personalised homework, Perbooks reduce teacher workload at the same time as make learning more targeted to individual needs. Instead of being told your child is weak, they the parents have the Perbooks to help their child improve in areas of weakness, or go beyond class level in topics they are good in.

OLD SCHOOL OF THOUGHT

Six-part Perfection Books are focused on perfection of each part. Overall, students cover more in a year. They look forward to each new perfection book. These link better to a child's psychology and their short time horizons.

Teacher Manual is integrated as teacher pages at the beginning of every chapter. Teachers feel supported.

Children learn many life skills in the process, for example, team work, leadership, resourcefulness, sharing, presentation, planning, survey and time management.

My work has reduced and my efficiency has doubled.
